

What animal could Noah not trust? Cheetah.

What kind of lights were on the ark? Floodlights.

Do you know the story of Noah and the Ark? Once there was a terrible flood and God told Noah to build a big boat called an ark to save the animals from the flood. It rained for 40 days. Noah and his family were stuck alone in the boat with all the animals for that whole time until the flood waters went away.

I am kind of feeling that way—like I am stuck alone with my family in a boat and I don't know when it will stop raining. I miss Sunday School and all my church friends. I thought you might too, so I sent you this card with some jokes. I hope you like it!

Peace,

Why did Noah get mad at the chickens on the Ark?

Because they were using "fowl" language.
